Professional Summary

Experienced **Senior Software Engineer and Technical Lead** with a strong track record in delivering scalable, secure, and high-performance web applications. Specialized in **Laravel, Node.js, React, Next.js, and cloud-native architectures**. Proven leader with hands-on experience in **team leadership, software architecture, CI/CD, and AWS-based deployments**. Adept at aligning technical solutions with business objectives while mentoring teams and driving engineering excellence.

Core Skills

Front-End: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Angular, Redux, Material UI, Bootstrap

Back-End: PHP, Laravel, Node.js, Express.js, NestJS, REST APIs

Databases: MySQL, PostgreSQL, MongoDB, Oracle

DevOps & Cloud: AWS, Docker, CI/CD, RabbitMQ

Practices: Agile / Scrum, Software Architecture, System Design, Team Leadership

Familiar With: Python, Machine Learning, Linux, C#, CCNA

Professional Experience

Technical Lead

MENT'ECH — Cairo, Egypt (Hybrid)

Jan 2025 – Present - Leading the design and development of scalable enterprise and SaaS platforms. - Defining system architecture and enforcing best practices across backend and frontend teams. - Managing engineers using Agile methodologies and ensuring timely delivery. - Overseeing cloud infrastructure, containerization, and deployment pipelines. - Technology stack includes Laravel, Node.js, React, Next.js, PostgreSQL, Docker, and AWS.

Software Engineering Team Lead

WardLin — Sweden (Remote)

Oct 2023 – Jan 2025 - Leading end-to-end software development across multiple products with a strong focus on scalability, reliability, and performance. - Managing technical operations and cross-functional engineering teams. - Driving system architecture decisions in collaboration with senior stakeholders and Tech Leads. - Overseeing production systems, ensuring reliability, security, and operational efficiency. - Designing and implementing CI/CD pipelines to enable fast, reliable, and automated releases. - Architecting and maintaining cloud-based solutions using AWS. - Managing delivery execution, release planning, and operational workflows. - Mentoring engineers, enforcing code quality standards, and promoting engineering best practices.

Senior Software Engineer / Senior Full Stack Developer

Clavis Business Solutions LLC — Cairo, Egypt

Jun 2023 – Nov 2024 - Delivered end-to-end solutions using Laravel, Node.js, Express.js, and React. - Designed high-performance databases using MySQL, PostgreSQL, MongoDB, and Oracle. - Implemented CI/CD pipelines and modernized legacy systems. - Collaborated closely with product and business teams to deliver user-centric solutions. - Wrote production-ready, maintainable, and scalable code across the full stack.

Senior Full Stack Developer

AbuDiyab IT Services — Cairo, Egypt

Apr 2023 – Jul 2023 - Developed and maintained enterprise-grade full stack solutions using Laravel, Angular, MySQL, and Oracle. - Designed and implemented RESTful APIs and backend services. - Led backend development tasks and supported junior developers. - Ensured efficient frontend-backend integration and system stability. - Supported deployment processes and production readiness.

Full Stack Developer

Unifi Solutions — Cairo, Egypt

Nov 2022 – Apr 2023 - Worked with PHP, Node.js, Express.js, React.js, MongoDB, and MySQL. - Built responsive UIs using Material UI, HTML, and CSS. - Deployed and managed applications on AWS.

Full Stack Developer

e-RAMO for Digital Solutions — Cairo, Egypt

Nov 2021 – Oct 2022 - Developed full stack applications using Laravel, Node.js, React, and MongoDB. - Improved existing systems through refactoring and performance optimization.
- Participated in code reviews and system analysis.

Full Stack Developer (Freelance)

Upwork — Remote

Mar 2021 – May 2022 - Delivered multiple client projects independently using Angular, Laravel, Node.js, and MongoDB. - Managed requirements, delivery timelines, and code quality.

Full Stack Engineer

RMS 4Design — Giza, Egypt

Aug 2019 – Jun 2021 - Contributed to full stack development using Laravel, MySQL, and Node.js. - Built responsive interfaces with HTML, CSS, and Bootstrap.

Education

Bachelor's Degree in Computer Science

Nile University for Science and Technology / Higher Institute for Management and Information Technology – Kafr El Sheikh

Grade: Very Good

Courses & Certifications

- Docker Mastery (Docker, Kubernetes & Swarm) – **Udemy**
- Web Development using Node.js & Angular – **National Telecommunication Institute (NTI)**
- Web Development using PHP, MySQL & Laravel – **National Telecommunication Institute (NTI)**

- The Complete Node.js Course (RESTful APIs) – **Udemy**
 - React.js – **MaharaTech (ITI)**
 - HCIA-AI (Huawei Certified ICT Associate – AI) – **Huawei Talent / Huawei ICT Academy**
 - IoT Fundamentals – **Cisco Networking Academy**
 - Clean Code Principles – **MaharaTech (ITI)**
 - System Design Fundamentals (Scalable Systems & High Availability) – **Udemy / Professional Training**
 - Advanced Database Design & Performance Optimization (SQL & NoSQL) – **Udemy**
 - Agile & Scrum Practices for Engineering Teams – **Scrum Alliance / Udemy**
 - Software Architecture Patterns (Monoliths, Microservices, Event-Driven Systems) – **Udemy**
 - Designing RESTful & Distributed APIs – **Udemy**
 - DevOps Foundations (CI/CD, Monitoring & Observability) – **Udemy / Cloud Training**
 - HCIA-AI (Huawei Certified ICT Associate – AI)
 - IoT Fundamentals – Cisco
 - Clean Code Principles – MaharaTech (ITI)
